

OUR COMPANY PROFILE:- Celco Solars primary activity is the production, supply, installation and commissioning of solar PV (photo voltaic) systems for domestic and commercial application

H+H Celcon Solar Aerated Concrete Block 2.9N 100mm Pack of 120 This highly efficient block (thermal conductivity of just 0.11 W/mK) is sufficiently loadbearing for two storey buildings and can be used

KUALA LUMPUR (Dec 24): The government has removed the 85% demand capacity cap for non-domestic users under its self-consumption (SelCo) programme, and to allow the installation of solar

SELCO Foundation seeks to inspire and implement solutions that alleviate poverty by improving access to sustainable energy to underserved communities across India in a manner that is socially,

The Celcon Block Solar 2.9N is a highly efficient, loadbearing block suitable for two-storey buildings. It can be used below the damp proof course (DPC) and is identified by its distinctive blue line.

The Government is encouraging individual, commercial and industrial consumers to install solar PV for their own consumption, looking to hedge against the rising cost of electricity. Download the guideline
