

Ig solar cost

A home solar lease with IGS Solar lets you experience the benefits of solar power without having to purchase the system upfront. Instead, you pay a fixed monthly bill while the solar panels generate

The total cost of solar panels, including installation, typically ranges from \$2.40 to \$3.60 per watt. Therefore, the overall amount you pay for your system depends on the number of watts

Looking for a budget-friendly way to go solar? Our solar lease program offers \$0 down, fixed monthly payments, and up to 25% savings--with maintenance included. See if solar leasing is right for you.

Windows made with Solarban® 70 glass give today's homeowners the ultimate solar control glass on the market. Solarban® 70 glass is the industry's first triple silver low-e coating and is still the most
